

Weekly Update

April 1, 2020

Thank you!

Starting this week we have several new things to share with you to say THANK YOU for everything you are doing, especially during this difficult time.

- We will move to allowing jeans/denim full length pants as well as dark colored scrub pants effective immediately. Please do not wear any printed scrub pants and no surgical green or blue. Dark colors only.
- For every team member that has perfect attendance for a week— we will put your name in a drawing for a FREE PTO DAY! This drawing will take place every Friday.
- We will be helping our local businesses by bringing in a meal for all team members from a local restaurant. This will help our local community and be a benefit for you!

From the Desk of Marty Hug

Each week we see and hear the great things you are doing to help our residents, fellow team members, and our company continue to operate as we navigate the COVID 19 crisis. From the innovative ways you interact with residents via adapted programming and dining, the support you give each other to boost morale, and the sacrifices you make to ensure we continue to provide the services we promise to our people, you amaze and inspire us.

Challenging times affect everyone. Your continued selflessness and commitment fill us with confidence and encouragement that we will undoubtedly get through this, as well as being thankful to have you are part of our family. Thank you for all that you are doing!

COVID-19 UPDATES

- Please make sure if you or anyone you live with, or are around, has any symptoms you report it right away. It takes all of us to keep this virus out of our buildings and away from our residents.
- We are all practicing social distancing (staying 6 ft away from other) And we appreciate everyone helping our residents with social distancing too!
- Hand washing is still CRITICAL!
- **STAY HOME!** We are all in this together and know how hard it is to not go anywhere. But please don't go unless your truly need to.
